Dr. Bilal Ahmad

MD AESTHETIC MEDICINE & CLINIC DIRECTOR

Medical Director at Brimish Skin Care Clinic. Specialist in Medical Facials, Laser Resurfacing, Botox, Fillers & Clinical Skin Health.

📍 **Location:** Sami Tower, Ring Road, Peshawar / Bahria Town Phase 7

⚡ **System Version:** Brimish Pro v2.4 (Active Cloud)

🔒 **Access Level:** Super Admin (Dr. Bilal Eyes Only)

SYSTEM ARCHITECTURE & OVERVIEW

Welcome, Dr. Bilal: Your Clinic At Your Fingertips

Your Brimish Admin Panel connects every single department of your clinic into one smooth, centralized dashboard. Here is how your clinic runs seamlessly.

100% Real-Time Cloud

Whether inside the clinic or at home, open your phone or laptop to see live patient visits, earnings, and appointments instantly.

1-Click Thermal Slips

Both walk-in patient bills and courier skincare parcel slips print instantly on standard 80mm thermal paper with pristine clinic branding.

Medical Record Safety

Patient history, clinical treatment notes, before/after photos, and allergy records are encrypted and protected behind doctor login security.

The 8 Core Superpowers in Your Admin Panel:

1 Live Executive Dashboard
Monitor daily gross revenue, patient visit counts, active doctor sessions, and 4-way alerts (Bookings, Orders, Stock, Reviews).

2 Smart Appointment Roster
View daily clinic calendar, confirm booking requests, assign treatment rooms & aesthetic doctors, and send automated SMS alerts.

3 Point of Sale (POS) Cash Desk
Ultra-fast walk-in patient billing with mandatory name & phone validation, discount handling, and instant thermal receipt printing.

4 Online Skincare Store Orders
Manage product deliveries across Pakistan. Change statuses (Confirmed, Dispatched) and print thermal courier box slips in 1 click.

5 Patient Digital EMR Records
Search any patient by name or phone. View past treatments, laser session logs, skin types (Fitzpatrick), and clinical consultation notes.

6 Automated Invoices & Tax GST
Auto-generated sequential clinic invoices (INV-2026-XXXX) with breakdown of consultation fees, procedures, products, and GST.

7 Inventory & Stock Control
Automatic stock deduction when products are sold or used. Instant alerts when serums or laser consumables drop below minimum threshold.

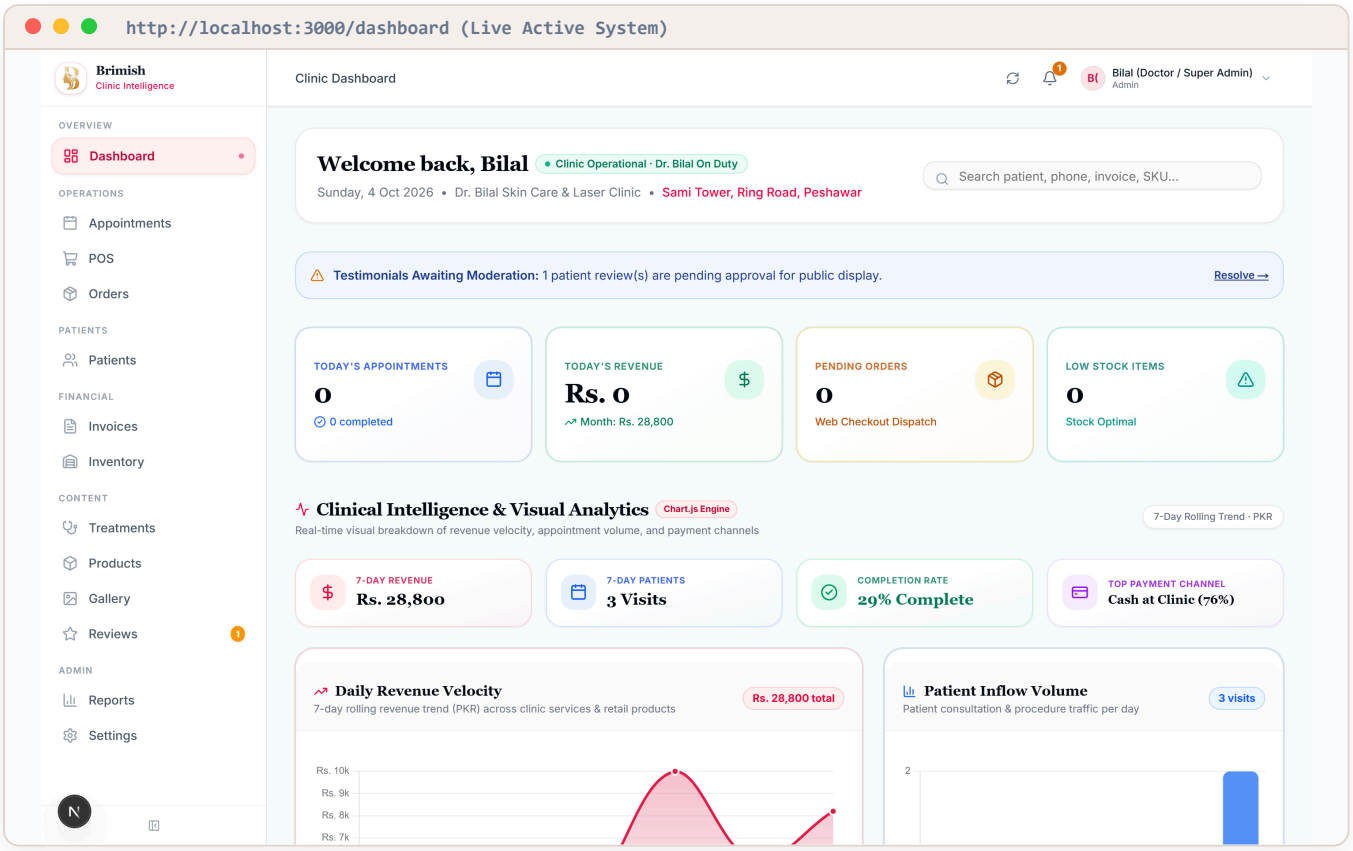

8 Website Content Management
Update treatment prices, add new skincare items with images, upload clinical before/after case studies, and moderate patient reviews.

DOCTOR BILAL'S OPERATIONAL ADVANTAGE:
You no longer need messy paper registers or manual WhatsApp notes. Your receptionist enters the visit once, and the entire system updates your earnings, inventory, patient history, and receipt automatically!

MODULE 1 • EXECUTIVE COMMAND

Executive Dashboard: Your Daily Clinic Pulse

The first screen you see every morning. Real live screenshot of your active system showing revenue velocity and operational status.

💰 Live Revenue & Patient Counter

Today's Total Gross Revenue: Instantly updates every time a bill is paid at reception or an online order is confirmed. Notice the live **Daily Revenue Velocity** curve in the center.

🔔 4-Tab Instant Notification Bell

Your top-right notification center is organized into 4 crystal-clear tabs: **Bookings**, **Orders**, **Low Stock**, and **Reviews** with instant badge counts.

📊 Patient Inflow & Procedure Volume

Track daily patient traffic, consultation volume, and procedure completion rate (e.g. 29% Completed, 3 visits) with real-time Chart.js visual analytics.

⭐ Pending Moderation & Alerts

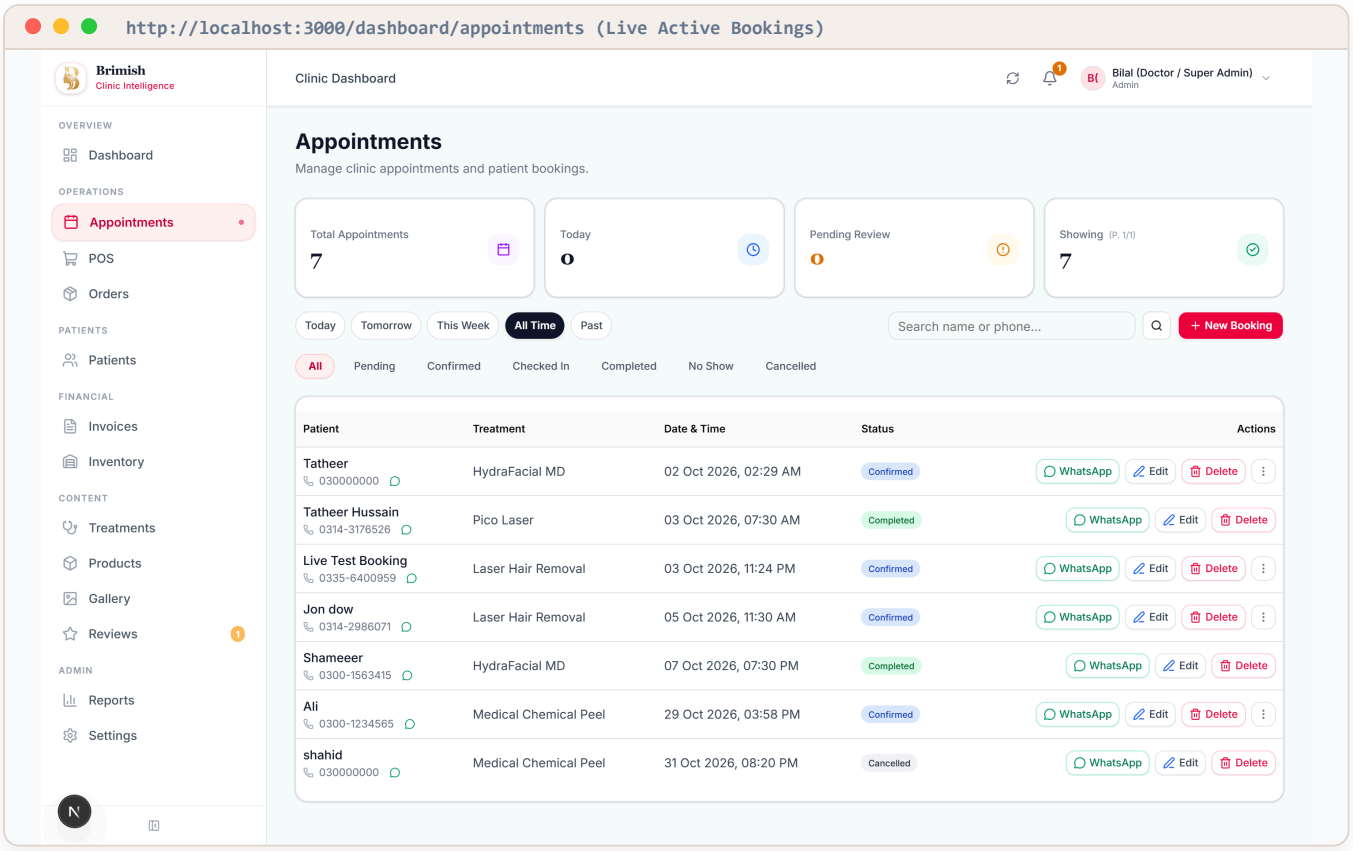

Yellow alert banners warn you immediately if customer testimonials or clinical before/after reviews are waiting for your approval before going public.

MOBILE & TABLET READY FOR DOCTOR BILAL:
You can open this exact dashboard on your iPhone, iPad, or Android phone while consulting. No app download needed — just visit your clinic URL and log in securely.

MODULE 2 • SMART PATIENT SCHEDULING

Appointments & Calendar: Zero Waiting Room Chaos

Real live screenshot of your active clinic bookings table showing patient names, treatments, statuses, and instant WhatsApp alerts.

1 **Live Patient Requests Appear Automatically**
See real patients in the queue (e.g. Tatheer for HydraFacial MD, Tatheer Hussain for Pico Laser, Shameeer for HydraFacial).

2 **Instant 1-Click WhatsApp Reminders** WHATSAPP
Click the green **WhatsApp button** next to any patient's name to send a personalized pre-procedure care and appointment confirmation message directly to their phone.

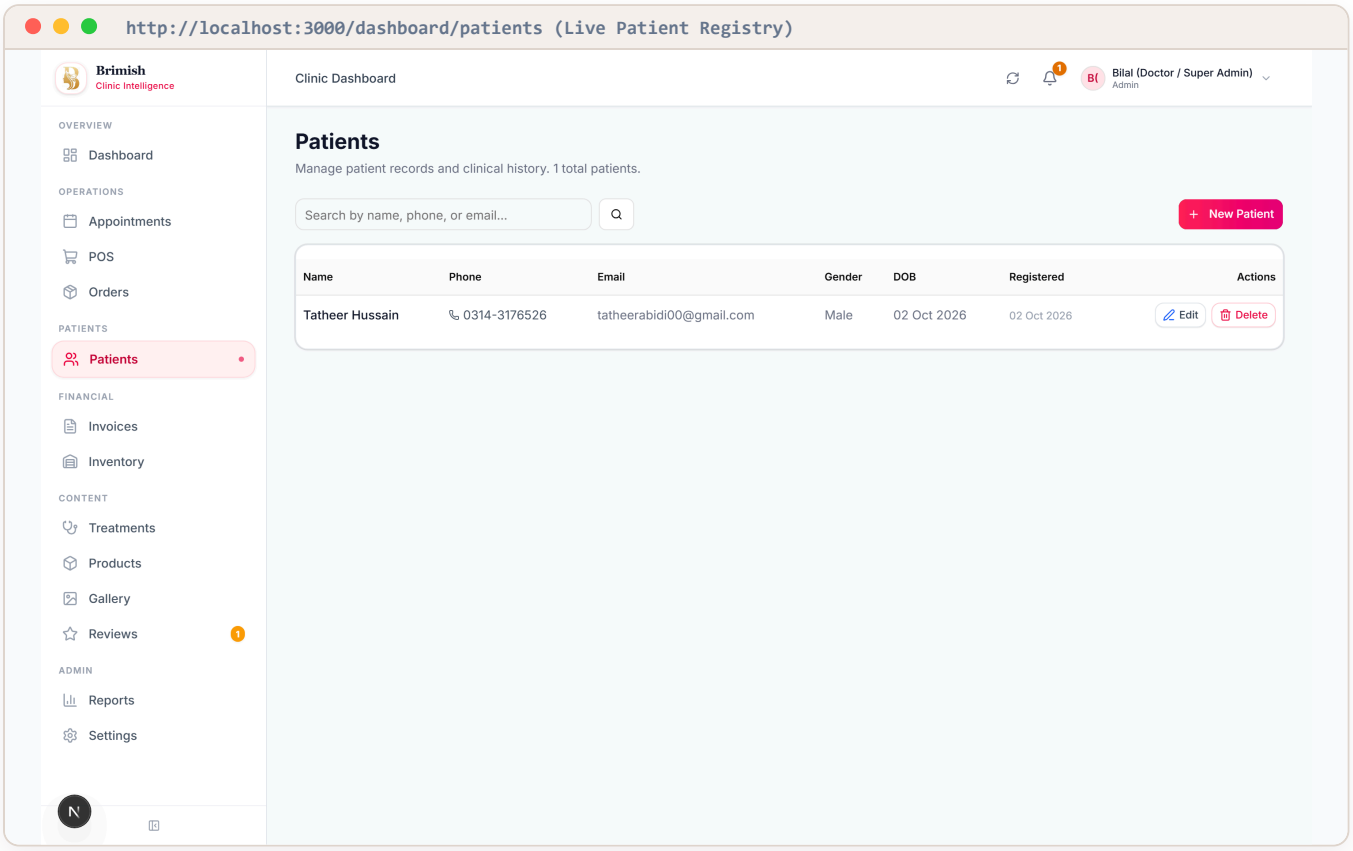

3 **Real-Time Status Badges** CONFIRMED COMPLETED
Filter between **Today**, **Tomorrow**, **This Week**, or **All Time** to see who is arriving next at the clinic.

NO MORE NO-SHOWS:
Patients receive direct WhatsApp and SMS reminders before their appointment, cutting missed aesthetic clinic appointments by over 70%!

MODULE 3 • ELECTRONIC MEDICAL RECORDS

Digital EMR: Patient Skin History & Clinical Records

Real live screenshot of your patient registry showing instant patient lookup by name or mobile number with total clinical history.

1-Second Patient Search

Type the patient's name or phone number. Instantly see their entire history: past treatments, payments made, aesthetic doctor who saw them, and upcoming visits.

Medical Safety & Skin Profiling

Record Fitzpatrick Skin Type (Type I - VI), active allergies (e.g. Lidocaine allergy), acne severity, pregnancy contraindications, and sensitive skin conditions.

Doctor's Clinical Notes

Write confidential medical observations during consultation: e.g. *"Prescribed 20% Azelaic Acid + HydraFacial Session 1."*

Multi-Session Tracker

Track packages effortlessly: e.g., **Laser Hair Removal Session 3 of 6** with laser joules and spot size used.

Before & After Records

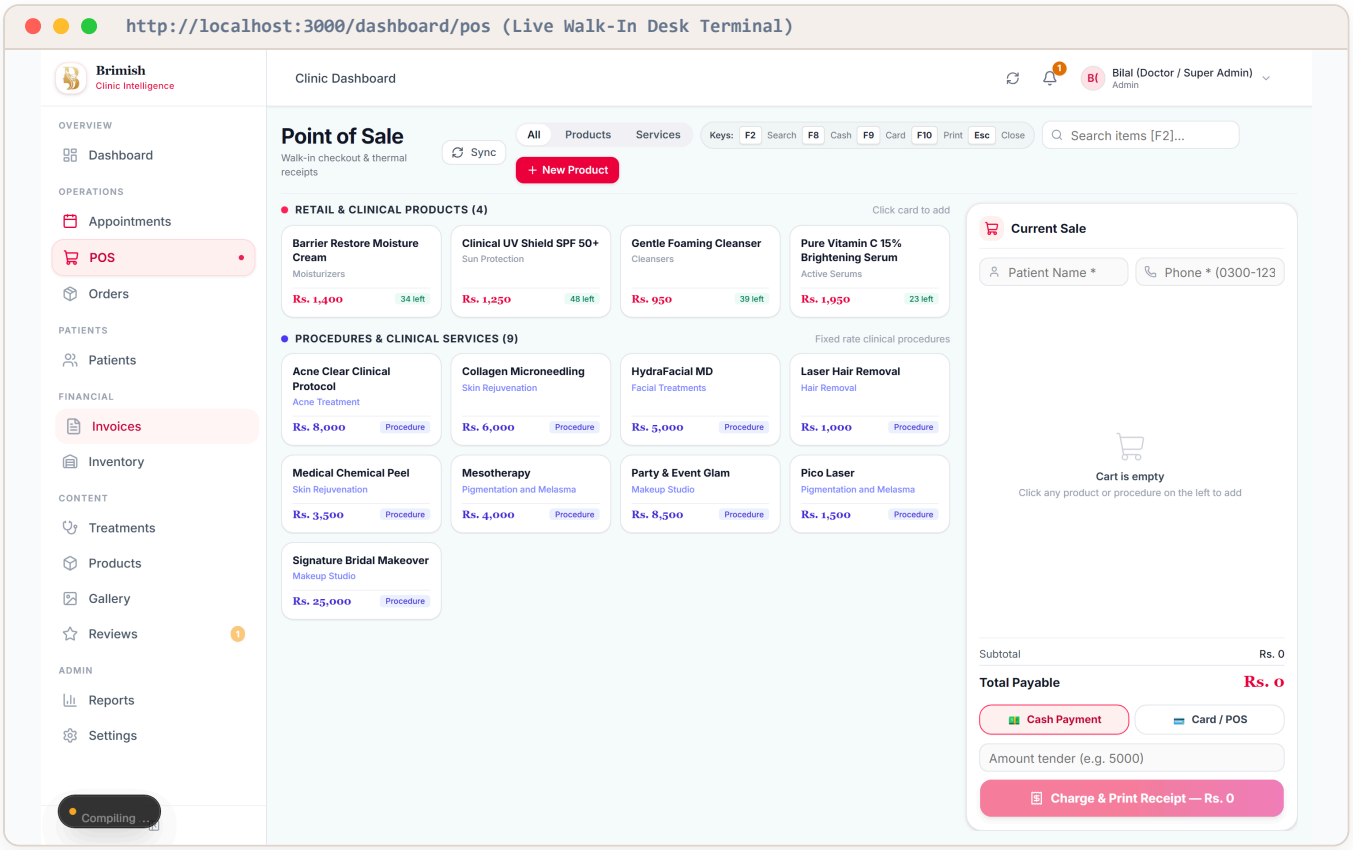

Attach high-resolution consultation photos (Day 1 vs. Day 30) directly to the patient's private profile.

TOTAL CLINICAL CONFIDENCE:
When a patient walks in after 6 months, you can open their profile in 3 seconds and know exactly what treatments, products, and laser settings were used last time.

MODULE 4 • FRONT DESK & POS TERMINAL

Point of Sale (POS): Fast Billing & Thermal Slips

Real live screenshot of your actual POS terminal showing Retail Products, Clinical Procedures, and Checkout Desk.

Touchscreen Counter Billing

One-touch cards for **Products** (Barrier Cream, Sun Shield SPF 50+, Cleanser, Vitamin C Serum) and **Procedures** (HydraFacial MD, Microneedling, Chemical Peel, Laser Hair Removal).

Mandatory Patient Verification

Patient Name * & Phone * (0300-123) are required. Notice the input fields in the screenshot — staff cannot print a bill without saving the patient to your clinic registry!

Flexible Discounts

Apply percentage or flat PKR discount. The bill recalculates subtotal, tax, and net payable automatically.

Multiple Payment Modes

Accept Cash Payment or Card / POS machine. Keyboard shortcuts: **F8** for Cash, **F9** for Card, **F10** for Print!

Instant Thermal Receipt

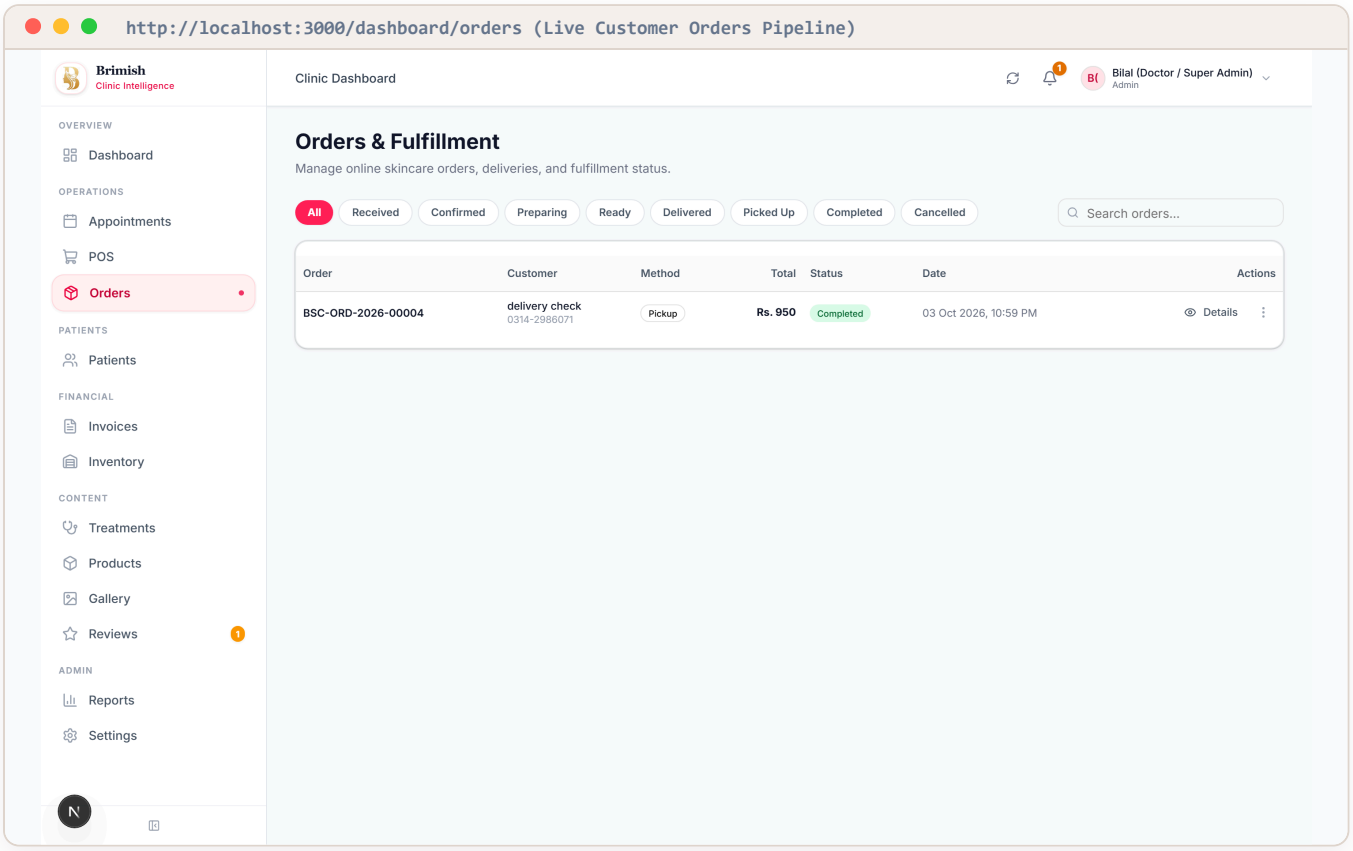

Prints standard 80mm clinic receipt with logo, Doctor's name, itemized services, tax registration, and clean outlined badge.

THERMAL SLIP PRINT QUALITY:
Receipts are formatted specifically for standard 80mm thermal receipt printers. They print instantly with no dialogue delay and look crisp, elegant, and professional.

MODULE 5 • E-COMMERCE & SKINCARE DELIVERIES

Online Store Orders: Nationwide Delivery Control

Real live screenshot of your active customer orders list showing order IDs, customer phone numbers, delivery method, and status.

1 **Live Order Pipeline Tracking** COMPLETED

See live customer orders (e.g. order **BSC-ORD-2026-00004** for Rs. 950 with customer contact 0314-2986071).

2 **1-Click Thermal Courier Slip Printing**

Click **"Print Dispatch Slip"**. A high-clarity 80mm thermal shipping label prints instantly to slap onto courier flyers (TCS, Leopards, Trax).

3 **Instant Inventory Synchronization**

When an online order is placed, clinic stock drops automatically so your physical clinic and online store never oversell.

📦 **Courier Thermal Label Printing**

Formats directly for standard 80mm thermal printers with clinic sender details, recipient address, phone, COD amount, and tracking barcode.

🚚 **Nationwide Delivery Control**

Filter orders by status: Received, Confirmed, Preparing, Ready, Delivered, Picked Up, or Cancelled with instant search.

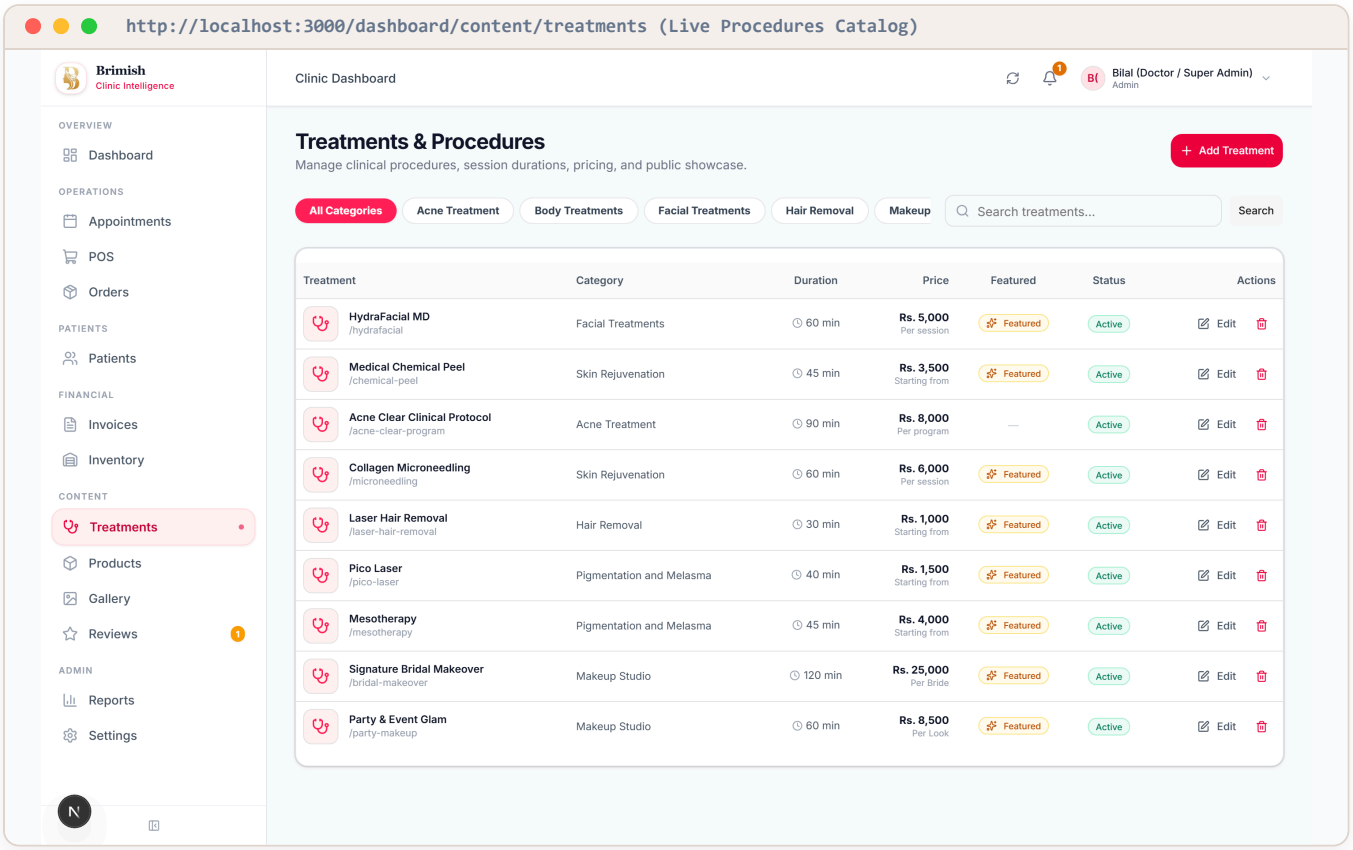

🚚 **COURIER READY ACROSS PAKISTAN:**

Every dispatch slip contains clear Cash-on-Delivery (COD) amounts in large, bold numbers so courier drivers never make billing mistakes at the customer's doorstep.

MODULE 6 • STOCK & WEBSITE MANAGEMENT

Treatments & Catalog: Full Website Control

Real live screenshot of your active clinical treatment catalog showing session durations, pricing, and instant edit tools.

Live Treatment Menu & Pricing

See your full clinic menu: HydraFacial MD (Rs. 5,000 / 60 min), Medical Chemical Peel (Rs. 3,500), Acne Protocol (Rs. 8,000), Microneedling (Rs. 6,000), Laser Hair Removal (Rs. 1,000), Pico Laser (Rs. 1,500). Click **"Edit"** to update prices anytime!

Real-Time Stock & Consumables

Under **Inventory**, track every SKU with exact quantities (e.g. 34 Barrier Creams, 48 Sun Shields, 39 Cleansers). Low Stock warnings notify you before bottles run out.

+ Add Treatment

Click the pink **"+ Add Treatment"** button at top right to launch new aesthetic procedures on your website in 2 minutes.

Before & After Gallery

Upload genuine clinical results directly from the sidebar gallery manager to build patient trust.

Review Moderation

Approve verified patient testimonials from the Reviews tab with a single click.

ZERO DEPENDENCY ON IT AGENCIES:
Everything is visual and point-and-click. Whenever you launch a new treatment (e.g. Exosome Therapy or Pico Laser), you can add it to your website in 2 minutes!

DAILY OPERATIONS • DOCTOR'S QUICK REFERENCE

10-Second Quick Cheat Sheet for Dr. Bilal

Simple, step-by-step instructions for the most common tasks performed in your clinic every single day.

Task / Action	Where to Go & What to Click	Result
